# FALL IN LINE. BROWN BAG YOUR LEAVES! IT'S THE LAW

## Here's why:

- **IT'S THE LAW.** According to NYC's Yard Waste Composting Law (Local Law 61 of 2006), residents in designated districts must set out leaves either in paper bags or leaf bags or in sealed right containers as specified below.
- You can be fined for setting out your leaves in plastic bags during DSW's leaf collection period.
- Setting out leaves in paper bags allows us to create cleaner, higher quality compost that we can then return to you at our compost giveaway events.

## Here's how:

- Purchase paper bags or leaf bags at participating retailers and supermarkets, such as Home Depot, Target, Lowes, PetSmart, Stop-n-Shop, Target, Thrift Value Hardware, and Waldbaum's.

## Here's when:

### Brown leaf set-out dates:

Saturday, November 15, and Saturday, November 24

Leaf pickup may take place early the next morning, so place leaves at the curb on the designated Saturday night. Leaves not picked up the next day will be collected later in the week. Call 311 for questions about leaf collection.

### Don't Forget:

City of New York, Department of Sanitation, Bureau of Recycling and Waste Management, Office of Public Works, 100 West Street, New York, NY 10038

For info: call 311 or visit [www.nyc.gov/nycwasteless/compost](http://www.nyc.gov/nycwasteless/compost)
